

# 2021 FEMALE INCONTINENCE REIMBURSEMENT GUIDE

## SLING PROCEDURE FOR FEMALE STRESS INCONTINENCE CODING:

Current Procedural Terminology (CPT®)<sup>1</sup> codes identify procedures or services being performed and are not specific to the device being used. It is the provider's responsibility to choose codes that accurately describe the patient diagnosis and the services performed.

### COMMONLY BILLED CPT CODES:

- 57288: Sling operation for stress incontinence (eg, fascia or synthetic)
- 57287: Removal or revision of sling for stress incontinence (eg, fascia or synthetic)

### DISCLAIMER:

The information contained in this document is for informational purposes only, is current as of January 1, 2021 and expires Dec 31, 2021. It is always the responsibility of the provider to determine if the services actually provided are accurately described by any specific code(s) and to report services consistent with specific payer requirements. This information is subject to change at any time, and UroCure strongly recommends that you consult your payer organization with regard to its reimbursement policies. In all cases, services billed must be medically necessary, actually performed as reported and appropriately documented.
